

Sanika Sutar

Java Full Stack Developer

✉ sanikasutar30@gmail.com ☎ 9175864026 📍 Kolhapur 🌐 LinkedIn 🏠 GitHub

Java Full Stack Developer with hands-on experience in building scalable and maintainable web applications using Spring Boot and React.js. Skilled in developing RESTful APIs, designing responsive user interfaces, and managing relational databases with MySQL. Developed "ClientCrew," a full-stack CRM and Project Management application, focusing on clean code, modular architecture, JWT-based authentication, and enterprise application design.

Education

B. Tech Computer Science

Rajarambapu Institute Of Technology
CGPA 8.83

12/2021 – 06/2025 | Sangli

HSC

Kisanrao More College, Sarwade
Percentage 95%

06/2020 – 02/2021 | Radhanagari

SSC

New Highschool Thikpurli
Percentage 91.20%

06/2018 – 06/2019 | Radhanagari

Technical Skills

Java | **JavaScript** – Programming Languages | **React.js** | **HTML** | **CSS** | **Bootstrap** – Frontend Technologies | **Spring Boot** | **Hibernate (JPA)** | **Spring Security** | **RESTful APIs** – Backend Technologies | **MySQL** – Database | **Git & GitHub** | **Postman** | **Maven** | **Tomcat** – Tools & Technologies

Work Experience

Java Full Stack Trainee

The Kiran Academy

01/2025 – 12/2025 | Pune

- Gained hands-on experience in full-stack development using **Java (Spring Boot)** for backend and **React.js** for frontend, along with **MySQL**
- Developed **RESTful APIs** and understood client-server architecture concepts
- Built frontend components using React.js and integrated them with backend RESTful APIs
- Worked with tools like **Postman** for API testing and debugging
- Strengthened understanding of **MySQL** database design and query optimization

Projects

ClientCrew – CRM & Project Management System

- Developed a full-stack CRM & Project Management application using **Spring Boot**, **React.js**, Hibernate (JPA), and MySQL.
- Implemented JWT-based authentication and role-based access control for Admin, Manager, Employee, and Customer modules.
- Designed and integrated **RESTful APIs** for customer, project, task, employee, and notification management.
- Built responsive **React.js** dashboards with dynamic data handling and seamless API integration.
- Managed relational database schemas and entity relationships using **MySQL** and **Hibernate (JPA)**.

AttendanceTrack – Student Attendance Management System

- Developed a full-stack application using **React (Vite)**, **Spring Boot**, and **MySQL**
- Implemented role-based login system for Admin and Faculty
- Built **RESTful APIs** for managing students, subjects, and attendance
- Designed a responsive UI for efficient attendance tracking

AushadhKatta – Online Medicine Store

- Developed backend functionality using **Core Java**, **JDBC**, and **MySQL** for handling medicine ordering operations
- Implemented features like authentication, product catalogue, prescription upload, chatbot, and feedback system
- Used Java Swing to develop a basic UI prototype during the initial development phase
- Progressed towards modern web development by exploring Spring Boot, Hibernate, and API-based architecture

Certificates

Java Foundations

Issued by Udemy

Database And SQL

Issued by Infosys Springboard

Web Development

Issued by LinkedIn Learning
